## ME Research UK Christmas Cards 2018

We've tried to choose a variety of high-quality Christmas cards to suit everybody's tastes again this year. We hope you like them too.

Just choose the designs you like from the comfort of your own home, and we'll post them straight to your door. It's as simple as that.

The wording inside each Christmas card reads "Wishing you a Merry Christmas and a Happy New Year".

You can view a larger version of each card on our website at [www.mereseach.org.uk](http://www.mereseach.org.uk), and on our Facebook page [www.facebook.com/MEReseachUK](http://www.facebook.com/MEReseachUK).

You can also purchase our highly popular notecards. These attractive cards are blank on the inside, so they may be used all year round and for any occasion. Our notecards have proved to be a welcome addition to our card family.

**Help us get biomedical research moving**  
As you know, our foremost aim is to fund biomedical research into the causes, consequences and treatment of ME/CFS.

Medical research is extremely expensive, however, and by buying Christmas cards and notecards from our range you are helping us to continue this truly vital work.

## Thank you for helping us energise ME research

Up to 240,000 people in Britain wake every day with myalgic encephalomyelitis/chronic fatigue syndrome (ME/CFS), a condition involving debilitating malaise, pain and neurological symptoms.

Across the world, millions are affected, yet research into this illness is still very sparse. We desperately need ME/CFS to be researched and treated consistently, but we can only do this with help from people like you.

On the back of each card, there is a little note about our charity, so your friends and family can learn a bit about us which also helps raise our profile.
